WORK EXPERIENCE

Front-End Developer internship

NIIT

📅 June 2021 - September 2022

- Set up testing framework for team project using Mocha and Chai to test the Node API. This decreased the amount of bugs pre-deployment by over 70%.
- Worked in an agile environment with weekly stand-ups, kept track of user stories/bugs in GitHub projects, and conducted 2 hours of sprint planning and sprint retrospectives per week. This process allowed production to increase by 45% while decreasing overall time invested by 20%.
- Participated in pair programmed with 3 engineers, and reviewed team's code to provide additional perspective and catch previously missed errors.
- Developed membership, event, and legal platform technology solutions, and automated internal processes.

Front-End Developer Apprenticeship

Blend

📅 January 2021 - June 2021

📍 Remote

- Assisted in building beautiful user interfaces for clients without compromising functionality for aesthetics.
- Implemented newly-learned front-end object-oriented programming to develop client server systems.
- Wrote unit tests in Jest. This made products 100% bug free.
- Learned and applied Agile methodologies and principles.

PROJECTS
